Item No. 37.12: Request for 1st extension of the validity period of in-principle approval

The following conditions had been laid down by BoA in its 12th meeting for grant of 1st extension of in-principle approval:-

The Board considered the proposal and decided that **all such cases where:**

- (i) the request for extension should have been filed before the expiry of the LoA and
- (ii) where steps for implementation of the proposal like acquisition/purchase of land etc. have been taken;

Letter of Approval may be extended for 1 more year beyond the original validity in all such cases fulfilling above conditions.

The following two cases as mentioned below, do not fulfil the above criteria and are placed below for consideration of BoA for grant of 1st extension:-

- (i) Request of M/s. Nagpur Multi Product SEZ Limited for extension of the validity of in-principle approval of the multi product SEZ at Nagpur, Maharashtra over an area of 1000 hectares.**

In-principle approval was granted to the proposal on 9th January, 2008 the validity of which has expired on 8th January 2009. Item No. 37.13: Request for additional gates

- (i) Request of M/s. Orissa Industrial Infrastructure Development Corporation for approval of one additional Gate in the sector specific SEZ for IT at Bhubaneswar, Orissa**

The above mentioned IT SEZ was notified on 18th May, 2007 over an area of 69.15 hectares. The developer has stated that there is a non-processing area namely Golf Club, Bhubaneswar within the notified SEZ area which clearly splits the processing area into two parts, as a result of which, it becomes difficult for operation

of SEZ area under control of one gate. The developer has, therefore, requested for grant of permission a special case for construction of two gates in place of one. The request of the developer is placed for consideration of BoA.

Item No. 37.14: Withdrawal of recommendation of BoA for grant of formal approval to M/s. Man Industries (India) Ltd. for setting up sector specific SEZ for IT/ITES at Bada Bangarda, Indore, Madhya Pradesh over an area of 20 hectares

The above mentioned case was considered by BoA on 30th August 2007. Though the developer had sought approval for 118.16 hectares, the BoA recommended grant of formal approval for setting up of above mentioned SEZ over an area of 20 hectares as the developer had possession of only 20 hectare of land and also due to the fact that State Government had recommended the proposal on an area of 20 hectares. On being asked for certain information regarding type of land and time frame for implementation of the project etc, the developer informed that they have changed the location of the SEZ from Bada Bangarda to Khajrana which is in the same Tehsil and District. DC ISEZ had informed that the proposed land for SEZ appears to be disputed and that they have written to the State Government regarding the said land in the case of another SEZ proposed to come up in the same area and the reply is still awaited by them. Now, the zone has again informed that at present the Indore Bench of Hon'ble High Court of has stayed the matter regarding acquisition of land by MP Housing Board and the same is pending for decision. DC has also stated that no further report on progress has been received from the developer. It would, therefore, appear that the matter continues to be disputed. In this case the LoA for formal approval has not been issued to the developer due to the position explained above. In this case the developer has failed to acquire even the minimum required land for the sector specific SEZ despite lapse of more than 2 years from the date of consideration of his case by the BoA. The above information is placed before BoA for decision on withdrawal of its recommendation for grant of formal approval to M/s. Man Industries (India) Ltd.

Item No. 37.15: Withdrawal of recommendation of BoA for grant of formal approval to M/s. Jafza Chennai Business Parks Private Ltd. for setting up FTWZ at Vallur Village, Ponneri Taluka, Tirvallur District, Tamil Nadu over an area of 136.38 hectares

Taking note recommendation of the State Government and the fact the developer was in possession of the land the BoA on 19th October, 2007 had recommended grant of formal approval to M/s. Jafza Chennai Business Parks Private Ltd. for setting up FTWZ at Vallur Village, Ponneri Taluka, Tirvallur District, Tamil Nadu over an area of 136.38 hectares. In the application form the developer had mentioned that 136 acres (nearly 55 hectares) of land has already been acquired. The State Government had also confirmed this while giving its recommendation. However, later on being asked certain information, regarding type of land and time frame for implementation of the project etc, required for seeking approval of the C&IM, the developer informed vide their letter dated 28.12.2007 that they have acquired 23 acres (nearly 9 hectare) and the balance land was being acquired. The

Government of Tamil Nadu, who had confirmed possession of nearly 55 hectare of land by the developer, was also requested to confirm the extent of land in the possession of the developer. However, no reply from the State Government has been received till date. In this case also the LoA for formal approval has not been issued to the developer. The above information is placed before BoA for decision on withdrawal of its recommendation for grant of formal approval to M/s. Jafza Chennai Business Parks Private Ltd.

Item No. 37.16: Proposals from Kerala regarding for setting up of SEZ

In reply to a LS Unstarred Question no. 2103 regarding SEZs in Kerala it was inter-alia informed to the House that a total 15 proposals for setting up SEZs in Kerala are pending for consideration of Board of Approval due to non receipt of requisite clarification/documents /State Government recommendations. This reply has been treated as an Assurance, by the M/o Parliamentary Affairs, the extension of time upto 19.1.2010 has been sought to fulfill the Assurance. A copy of the reply to the question is at **Annexure-7**.

It is submitted that as on 20th July, 2009 a total of 15 proposals for setting up of SEZs of various sectors in the State of Kerala were pending (**Annexure-8**). No final decision has been taken on any of the proposals as yet, however, the case mentioned at sl. no. 15, of the annexure-8, has been listed in the agenda of this meeting under the heading "**Proposals for setting up of SEZs**". It may be seen that these case are pending consideration due to non receipt of requisite clarification/documents /State Government recommendations and that the delay is not on the part of the Ministry. Since the BoA does not consider any proposal in the absence of the State Government's recommendation or in the absence of documentary evidence of the possession of the land or other clarification, a proposal cannot be treated as complete and hence cannot be considered by the BoA. Since it cannot be estimated as to when then requisite clarification/documents /State Government will be received, the Assurance may take too long to be fulfilled or perhaps remain unfulfilled. Therefore, a view may have to be taken to treat only those cases as pending which are complete in all respect and on which no clarification/documents etc is required either from the Developer or from the State Government and not to treat those cases as pending in which some clarification/documents etc is required from the Developer or from the State Government. If such a view is taken on the proposals for setting up of the SEZ then this Department may be in a position to fulfill the Assurance and will take the same stand while framing replies to the future Parliament Question. Approval is sought to fulfill the Assurance by stating that no proposal is pending for action in the part of the Central Government.

Item No. 37.17: Complaints regarding cancellation of plots by Surat SEZ.

On receipt of complaints regarding illegal cancellation/re-allotment of plots in Surat SEZ and in keeping with an assurance given during a debate on a Starred Question in December 2006, a Committee of officers was constituted to enquire into allegations and submit its report. The Committee submitted its report.

Based on the findings of the Committee, a show cause notice was issued to the Developer (**Annexure - 9**). In response to the show cause, the Developer submitted his reply (**Annexure - 10**). Having regard to the facts of the case, allegations levelled, findings of the Committee and the reply of the developer, DC Kandla was asked to segregate the cases in terms of certain parameters like issue of valid allotment, issue of valid LOA, acceptance of LOA, execution of legal undertaking, commencement of production etc. etc. Accordingly, the Development Commission based on the records has segregated 33 disputed cases and further sub divided them into five lists namely List 'A', 'B', 'C', 'D', & 'E' depending on various parameters (**Annexure 11**). The matter was considered in the BoA meeting held on 15th January 2009 and was deferred as the cases were then under litigation. DC KASEZ vide letter dated 25.09.2009 (**Annexure - 12**) has informed that the Court has declined to give any opinion on the recommendation of the Committee which investigated the matter and the matter has to be decided administratively.

The facts as above are placed before the BoA for taking a decision with respect to each of the cases about validation of their allotment or otherwise.

Item No. 36.18: Request of Mishra Dhatu Nigam Limited (MIDHANI) a defence PSU in DTA for payment to M/s. SE Forge Ltd., an SEZ unit, in Indian Rupees, for the job work undertaken by the unit for MIDHANI

The request of MIDHANI is placed for consideration of BoA.

Item No. 37.20: Applicability of guidelines for power generation, transmission and distribution to Developers/Co-developers, approved before issue of power guidelines.

References are being received from DCs on the applicability of Power Guidelines issued on 27th February, 2009, particularly to the provisions which prescribe that a power plant can be set up in an SEZ as an infrastructure facility in the non-processing area or as a unit in the processing area of the SEZ. The Developers/Co-Developers who have commenced their production before the issue of power guidelines have represented that the guidelines should not be made applicable to them and they should be allowed to continue to operate the power plants from the processing area of the SEZ as Developer/Co-Developer. Their major concerns and objections are as follows:-

- (i) Power Guidelines cannot be given retrospective effect.
- (ii) If they come as a unit in the SEZ, SEZ units will be discouraged from taking power from them as it will affect their NFE.
- (iii) A power project is an industrial infrastructure and has to be in the processing area.

Copies of their representation is at **Annexure - 14**

The D/o Commerce is of the view that there is no bar under the SEZ Act, in setting up of infrastructural facilities, particularly industrial infrastructure in the processing area of the SEZ. The matter is placed before the BoA for a decision on the above issues.
